

## DREAM YACHT CHARTER

### CRUISING THE “SOUTH PACIFIC” FIJI, AUCKLAND & NEW ZEALAND

#### **AGAPE** CATANA 582

6 Guests/2 Crew

The sailing season in FIJI begins in April and ends mid November. With over 300 islands Fiji offers an excellent sailing environment - secluded bays, sweeping remote beaches and traditional Fijian villages. Many areas are inaccessible to tourism because of their remoteness and this gives sailing aboard **AGAPE** a real scope for adventure. Excellent sailing conditions and a fantastic climate, spectacular diving, snorkelling, lush rainforests and waterfalls. Visit a clam hatchery and even catch your own lobsters for dinner. Cruising the sparkling emerald and sapphire waters of the Fiji Islands is not only a pleasure but a voyage back to childhood dreams of faraway places.

Here panoramic views of coastal waters and distance islands suddenly come into view. Where shimmering lagoons beckon and tropical fish dance in your wake. And the climate is as gentle as the offshore breezes.

New Zealand is a truly unique destination, sparkling island studded bays, cobalt blue seas, edged with long silvery beaches, pockets of subtropical forest, towns immersed in history and charm. This cruising ground has over 76 islands to explore, and over 200 sheltered anchorages and miles of beautiful coastline all the way north to the Bay of Islands. The Bay of Islands is also a renowned cruising destination, which combines early New Zealand history with stunning natural scenery and marine life.

Extremely spacious, with an immense saloon, a fully equipped American style galley a 35m<sup>2</sup> deck salon plus trampoline nets. **Agape** is the largest and most exclusive cat available for charter in the **South Pacific**.

**Saloon and Galley**

All of the luxurious cabins are independent, with their own en suite bathroom and shower. There is a double Queen cabin stateroom, along with two double cabins one of these cabins can convert into singles if required, all have a DVD player and independently controlled AC. Crew accommodation is completely separate. The Catana 582 is well lit by large windows, which give a panoramic view to the scenery outside. The huge air-conditioned saloon, with exceptional headroom, boasts a TV with DVD/MP3 player and a powerful stereo surround system with indoor and outdoor speakers. Sit back and relax, admire the stunning panoramic island views or dance to your favourite music. This remarkable living space for 6 guests is decorated with refinement, mixing precious materials like satin, varnished cherry wood, leather, Alcantara, Corian and stainless steel. The Catana 582 layout favours privacy yet its saloons, decks and trampolines provide a stylish environment for family and friends.

Double en-suite
